Frank David Boynton

*For thirty-seven years an aggressive champion
of public school education in Ithaca and
throughout the nation. His prodigious
and unselfish labors in the interests
of the youth of America perpetuate
and endear his memory in the
hearts of pupils and associates.*

MORE WORD

DEDICATED WITH APPRECIATION

TO

Mrs. Frank D. Boynton

*Whose cooperation contributed greatly to the
success of Dr. Boynton's administration

Editorial

If in the years to come, the contents of these pages will serve to bridge the gap between us and these Ithaca High days, and bring to our mind pleasant reminiscences, then our expectations and hopes will be fulfilled, and we shall be content.

REPORTERS

Our President

EDWARD G. HUFF

MODERN LANGUAGE

Student Council 1, 2; Annual Collector 2, 3; Congress 3, 4, 5; Varsity Basketball 3, 4, 5, Captain 5; Manager of Baseball 4; Track 5.

Edward Huff, our president, is a fellow one just has to like. We selected him to be our leader because of his fine outstanding character. During his stay in I. H. S. "Huffy" has grown to be a well-known figure; in fact he is as well known at the north end of the building as he is at the south end (if not better). As captain of basketball, "Huffy" led the Red and Gold team through the most successful season that the team has enjoyed in several years. Although not a star, "Gordy" was the most consistent and dependable player on the team. Next year we are sure that he will make as many friends at Colgate as he has made at I. H. S. We are surely going to miss that boy with the wavy blonde hair and the glasses. Since he has decided to leave us, we will say "good-bye," and with our best wishes send him to higher halls of learning.

DAVID ABBOTT

MODERN LANGUAGE

Football 1, 2, 3, 4; Captain 4; Congress 3, 4; Speaker 4; Home Room Reporter 1, 2, 3; Spring Concert 2, 3, 4; General Council 4; Hi-Y 2, 3; Soccer 1.

Here is Dave Abbott, one of Ithaca High School's favorite sons. Dave has been successful in school and on the gridiron and now is ready to become successful at Cornell. When "Dave" entered he was a shy, bashful young boy but now that he has met a few girls he is a brute. Well, no matter where fate brings "Zeus" we all hope that he will buck through the same as he has done to opposing football teams the four years he has been with us.

MARY ABBOTT

MODERN LANGUAGE

During our stay in high school we have noticed a certain fair haired damsel, known to us as "Mary". Mary has made herself known as a quiet (?) studious person liked by everyone. We hear that she wants to become a kindergarten teacher. Well, Mary, here's the best of luck to you and we do hope your pupils (C) are (1) good!

ROBERT C. BARNARD

COURSE X

Chorus 1, 2, 3, 4; Spring Concerts 1, 2, 3; Manager of Spring Plays 4; Manager of Basketball 4; Congress 3, 4, 5.

Among the above honors should be mentioned a service stripe for each extra year Bob has labored here. Never mind, "Bobbie", we're glad you waited for our class. We often wonder how this small man got on in such a big way, but then, as he admits, although his mother takes in washings, he rose to the heights of congress, and now "he runs the whole thing" (quotation by special permission of the copyright owner). Best of luck, Bob, and don't be too hard on the co-eds in Chicago.

GEORGE R. BARNES

MODERN LANGUAGE

Glee Club 3, 4; Orchestra 1, 2, 3, 4; President 2; String Ensemble 1, 2, 3; Band 3, 4; Dramatic Club 2, 3, 4; Science Club 2, 3; Le Cercle 2, 3; General Council 2; Foster Thompson Scholarship 3, National High School Chorus 4; Senior Frolic.

After debating the question for four years, George has at last decided to make this his high school Alma Mater. Actively engaged in school affairs of every nature, he plays his most important part in the musical organizations where his bass and tenor are never failing. George is going to Cornell next year, where we predict great success for him.

FRANCES L. BARTHOLOMEW

MODERN LANGUAGE

Volley Ball 1; Soccer 1; Archery 2; League Basketball 1; Science Club 3, 4.

"Good things come in small packages." During her High School career "Fran" has accomplished much in her own quiet (?) way. She expects to enter Cornell in September, there to learn how to boil water without burning it. Let's hope they use "Armstrong" stoves. But, nevertheless, whatever she does, we hope her path will be "Chuck" full of success.

BEVERLY BELL

COMMERCIAL

Volley Ball 1, 2; Soccer 2, 3, 4; League Basketball 1, 2, 3; Spring Concerts 1, 2; "On Shore and Sea;" "Wreck of the Hesperus;" "Thanksgiving Concert; Varsity Basketball 4; Senior Frolic 4.

There goes pep, vim, and vigor! In other words there goes "Bev." High school is going to miss that cheery smile and hearty laugh. "Bev" was one of our stars in basketball. She is a talented dancer, and with opportunity we know she could make good. Keep it up, "Bev"! The class of '31 extends its best wishes to you.

LUIS BERMEJILLO

CLASSICAL

Interclass soccer

Although "Louie" has been with us one short year he is well known throughout the school. He has had a hard time telling his teachers how to pronounce his name. Perhaps he will have better luck when he enters the Cornell University. So long, Louie. The class of '31 wishes you the best of luck.

RUTH SEELY BERRY

CLASSICAL

Student Council 1, 2, 3; Choral Club 3, 4; Legislative 4; Spring Concerts 2, 3, 4; Senior Frolic Committee 4.

Here is just another sweet girl graduate who has "twittered" her way through High School. She has ability, strictly confined to skiing expeditions, scholastic ability, maintained through the liberal use of a Virgil trot, and vocal ability; at least she doesn't scare MacPherson. At noon Ruthie can always be found at the Home Dairy, leisurely consuming soup and pie a' la mode. Good luck at Wells, Ruthie.

MARTIN C. BESEMER

MODERN LANGUAGE

League Basketball 2, 3, 5; Home Room Collector 4; Traffic Officer 3.

Well, now would you believe it? After four or more (?) years of diligent labor Martin has decided to leave us. Besemer's name has frequently graced the honor roll. In spite of this handicap he has won many friends, especially Cicero, and the north side of the hall also offers admirers. Well, the Senior Class wishes him the best of success in whatever walk of life he may choose.

WILLIAM MAX BESEMER

MODERN LANGUAGE

Sherman Memorial Loan Fund 2, 3, 4; Science Club 4.

Did you want to go to camp? No!! Well, then, what have you lost, your pen or your locker key. Sure! of course I'll look for it. You know life is filled with such petty things. Someone asked "Bill" what the hardest mystery was that he ever solved. "Well," said "Bill", "That's easy to answer, that, being the problem of distinguishing the Senior girls and the teachers."

RAYMOND OTHMAR BLUMER

ENGINEERING

Four years ago Ray came into our midst and now after hard study is going to leave the halls of Ithaca High in favor of the halls of Cornell. There he will prepare himself better to fill a job as an Engineer. The class of 1931 wishes him every success.

ELEANORA CATHERINE BOHACH

COMMERCIAL

Something unusual has happened. Eleanora has finally succeeded in tearing away from her studies to graduate. Without doubt the business department of our Alma Mater will be sad at the departure of Eleanora, who excels in anything that suggests commercialism. The class of '31 wishes you success in your profession, Eleanora.

MARY ALICE BOOTHROYD

MODERN LANGUAGE

Ithetaeria 3; Science Club 4; "In the Moonlight" 3; Baker Scholarship 2, 3.

There are pretty girls, there are witty girls,
 There are girls that are clever and sweet;
 Now Mary Alice is all of these,
 A girl who is hard to beat.
 If it's the honor roll—she's always there;
 To her the scholarships fly;
 'Tis sad to think of our high-school loss,
 When Mary Alice says "Good-bye"!

GEORGE H. BOSSACK

COMMERCIAL

Soccer 5; Hockey 4, 5; Intramural[®] Basketball 3, 4, 5;

As the result of the course of human events George is about to graduate from I. H. S. "Buzz" has become a very popular classmate and during his stay has made a host of friends. On the Hockey Rink, George has helped his team-mates to victory with creditable ability. Best wishes from the class of '31, George.

MARY BRABLC
MODERN LANGUAGE

Basketball 1, 2, 3; Volley Ball 1, 2; Spring Concert.

She has returned to fight Cicero again, twice defeated, now hoping to conquer in her brilliant oration. Mary is "a star pupil"; She even reads between the lines. The action her hand is in before class shows too well "work not prepared." We are more interested "Videlicet" in whom the ring on her middle finger belongs to; (little large). How M (G) ary loves it there! Anyway, we wish her luck while working for her white cap next fall.

DOROTHY BROCK
ENGLISH ACADEMIC

Science Club 3, 4; Dramatic Club 2, 3, 4; "On Shore and Sea"; "Hero and Leander"; "Dryads' Kisses"; "Wreck of the Hesperus"; "O Lovely Night"; League Basketball 1, 2, 3; Volley Ball 1, 2, 3; Usher of Spring Plays 4; "In the Moonlight."

Although known especially for her "witty remarks", Dot's most enviable feature is her inherent good cheer. And since Dot is leaving us to go to college, we are sure that she will continue in the same way, brightening up every one she meets. Congratulations, Dot, for your past achievements, and the best of luck for the future!

MARJORIE BROWN

MODERN LANGUAGE

Ithetaeria 4; *Le Cercle Francais* 4; *Science Club* 4;
Chorus 2; *Hiking* 3.

Who's that girl with the happy smile all over her face? Why, of course! As if it could be anyone else! Although her favorite pastime is Chem., Marj loves to roam the surrounding hills (?) composing poetry. Surely everyone will miss her, and the Class of '31 joins in wishing her Good Luck, and success on the Hill. Here's to "More Chem", "More Smile", and "More Poems."

HELEN BROWNE

CLASSICAL

Legislative Assembly 3, 4; *Corresponding Secretary* 4;
Senior Orchestra 4; *Le Cercle Francais* 3, 4; *Secretary* 4;
Choral Club 4; *Dramatic Club* 3, 4; *Thanksgiving Concerts* 1, 2, 3, 4; *Spring Concerts* 1, 2, 3, 4; "Wreck of the *Hesperus*," "On Shore and Sea," *Head Usher Spring Play*; *Senior Frolic*.

Brownie can tickle the ivories over anything in sight at sight. She has more life than the "Tiger Rag" and believes. "It's a Great Life If You Don't Weaken." She'll never be found having "Love for Sale" but we hope she won't pay the "Penalty of Love." By the way she throws herself "Body and Soul" into "The Little Things in Life" she'll march a tempo up the broad highway and finish "Sitting on Top of the World."

GRACE BUCKINGHAM

MODERN LANGUAGE

Art Club 1, 2, 3, 4; *Vice President* 3; *League Basketball* 3; *French Club* 3, 4; *Legislative Assembly* 3, 4; *Treasurer* 4; *General Council* 4; *Chorus* 1, 2, 3; *Senior Frolic Committee*; *Senior Frolic* 4; *Annual Board* 4; *Co-art Editor* 4.

Four long (?) years haven't ruined that school girl's complexion on our "Gracie". She always has a cheery "hello" and a smile to greet everyone. She can always find time for the attention of her host of friends and is one of the best sports you could ever find. We know that Grace will succeed in her chosen career, so, good luck, Grace!

LOUISE JANET BUELL

MODERN LANGUAGE

Legislative 4; *Dramatic Club* 2, 3, 4; *French Club* 3, 4;
Assembly Committee 3; *Invitation Committee, Chairman*;
Traffic officer 3.

Come on, gents, fill the steins to dear old "Weesie." She has danced her way into the souls of many a high school youth and made a success of many a dull party. We feel sure that the Fates intend her to be Queen Guinevere. Her tendencies are toward Biology, concentrated in the form of tadpoles.

JANE E. BURLING

MODERN LANGUAGE

Secretary of Senior Class; Spring Concert 1, 2, 3, 4; Choral Club 4; Legislative Assembly 4; League Basketball 1, 2; Assistant Manager of Varsity Basketball 4; Dramatic Club 3, 4; Spring Plays 1, 3, 4.

When Jane leaves these ivy towers, Ithaca High will lose one of its staunchest friends. Jane has given her earnest support to about every school activity during her sojourn here. We of the Senior class, in order to express our appreciation for her faithful services, elected her our Secretary. We hope that in later years she will recall some of those "minutes" with the Senior Class.

ERNESTINE BELLE CAGE

COMMERCIAL

Chorus 2, 3, 4; Spring Concert 2, 3, 4.

Look who's leaving us. How this school will miss that million dollar smile. Our only hope is that she is as good at writing letters to a certain someone as she was in writing English themes. "Ernie" has an inclination for brunettes. We know that with her charm and personality she will succeed in whatever she attempts.

BETTY CARPENTER

CLASSICAL

Legislative 3, 4; Vice President 4; Choral Club 3, 4; Le Cercle Francais 3, 4; Student Council 1; Collector 1, 4; Legislative Play 4; Spring Concerts 2, 3, 4; Thanksgiving Concerts 3, 4; Senior Frolic 4; Junior Head Usher of Senior Class Day '30; Traffic Officer 3; Assembly Committee 3.

Wim! Wigger! Vitality! Who said it? Who has it? Zeph, of course! Just look at that Lady Vere de Vere strut in the hall, that "Tom"-cat expression and the perpetual motion of those jaws. She's a sure enough good sport though. Well Carpie, we'll all be in at the front door to welcome you back next year.

WILLIAM N. CARPENTER

MODERN LANGUAGE

Soccer 4; Chorus 1, 2, 3.

Taking off from the Junior High field, Bill managed a safe landing on the third floor, or "Frosh Field". Since then Bill has taxied down through four years of toil, and is now taxiing up to obtain his "Wings" (Graduation). His goal next year is Cornell, so we're here to wish you "happy landings", Bill, and don't "crack up."

WILLIAM A. CARROLL

COMMERCIAL

Student Council 1.

It has been a short four years that William has been with us. Probably, the next time we hear of him he will be President of some large concern. Well, goodbye, William. May the best of luck accompany you in whatever you may undertake.

WILLIAM W. CARVER

X

Hockey 2, 3, 4; Student Council 2; Secretary 3; Track 3; Tennis 3; Traffic Officer 3; "Wreck of the Hesperus" 2.

All that is needed to complete this picture is the word REWARD, and a set of finger prints. "Wm." is about to make his get-away from our school, with a large haul of priceless knowledge and some very valuable friendships. We hear that "Bill" is to be given four years at hard labor, as an architect on the hill. Luck, Will!

BETHEL MAXINE CASTER

MODERN LANGUAGE

Legislative Assembly; French Club 2, 3, 4; Art Club 3, 4; Spring Concerts 1, 2, 3, 4; Science Club 2, 3, 4; Basketball 3, 4; Council Representative; Soccer 3, 4; Annual Reporter 1; Tattler Board 4.

"Readin', writin', rithmetic,
Taught to the tune of a hickory stick."

Bethel has no need of a hickory stick, since her name often adorns the Honor Roll. Notwithstanding her proficiency in the three R's, Bethel also excels in the three A's: Acting, Athletics and Art. Added to these accomplishments, she has a genius for friendship. The best wishes of your many friends go with you, Bethel.

VIRGINIA J. CHACONA

COMMERCIAL

Senior Stunt 4; Volley Ball 3.

No doubt, everyone has seen this young miss in the past two years that she has been with us. "Ginny" is successful in almost anything she undertakes. She is an all around good sport—and loves to write letters (?)

Next year she intends to enter some office, where she can put her knowledge into practice. We wish her happiness, and we certainly envy her employer.

MAXINE CHIPMAN

COMMERCIAL

There is Chippie, our basketball star. She left us last January so we have not seen her around school much. While here she acquired the education necessary to become someone's stenog and she is now proving her ability in an office. We hope your success in the business world will be as good as on the Basketball Court. Good-bye, Chip.

JOHN WILLIAM COBB

MODERN LANGUAGE

Home Reporter, Collector 1; Hi-Y 2; Swimming 1, 2; Track 3, 4; Football 1, 2, 3, 4; Congress 3, 4; Sergeant-at-Arms 4; Council Representative 4; Ass't. Business Manager of Annual 4; Senior Frolic 4; Traffic 3; Congress Ball Committee.

Onct-hupon-a-timb a little pundle named Jack Cobb was brung by two storks and left at Estys. He growed and when he was tru, his Mom put him in a bid red cloak and tuk him into High School in a Ford. Dis poy was differunt, cause everywhere he wen, he had a happy time and a happy-tite. At four, he played football and wrestled and now he leaves us for Prep. School. Good luck, "Grappler."

WILLIAM LA MAR COGGSHALL

ENGINEERING

Glee Club 4; Thanksgiving Concert 4; Spring Concerts 3, 4; Senior Frolic; Le Cercle Francais 4; Freshman Baseball; Soccer 4; Basketball, League 2, 3, 4.

Four years ago "Bill" graced this institution with a hopeful heart. Since that time he has risen from an obscure "Freshie" to a not unheard of Senior. Next year he intends to enter the university. He says he's going to be some kind of Engineer. We hope he won't be too hard on the co-eds. Good luck, old salt, and may the pleasures you had in high school increase in your college life.

BEATRICE B. COLEMAN

MODERN LANGUAGE

Science Club 2, 3, 4; Art Club 3, 4; League Basketball 1, 2; Tennis 2; Volley Ball 1; Baseball 3; O Lovely Night 2; Thanksgiving Concerts 1, 2; Senior Stunts 4; Invitation Committee 4.

"Bea" may not look like a dignified Senior, but she's fooled you because she is. She has gone through high school so fast the teachers haven't been able to keep track of her. Besides her scholary achievements, we find "Bee" a good sport and full of mischhief. Next year she intends to honor the co-eds, and here's hoping that she succeeds and that her contemporaries don't kill themselves trying to keep up with her.

BARBARA M. COMPTON

ART

Art Club 2, 3, 4; Secretary 4; General Council, Orchestra; Senior Frolic; Spring Concert 1, 2, 3, 4; Chorus 1, 2, 3, 4.

Bobby has been climbing "The Ladder of Knowledge" for four successive years and has finally reached the topmost degree. She has done her share in keeping up with the Honor Roll and for her artistic and musical talent she is well known. Bobby expects to finish her education at Pratt Institute and the Class of '31 wishes her the best of luck.

LYMAN CONGDON

COLLEGE ENTRANCE

Glee Club 3, 4; Senior Frolic 4; On Shore and Sea 2; Hero and Leander 3; King Harold 4; Serman Loan Fund.

The halls of Ithaca High will soon cease to echo the strains of Red's "Sweet Melodious Tenor." Red has never known a quiet moment, except when he sleeps. Then he has been known to be very restless. Maybe some day that same echo will come from the "Hill"; then we'll know that he is a member of Cornell.

ELSIE M. CORNISH

MODERN LANGUAGE

Art Club 2, President 3; German Club 4; Spring Concert 1, 2; Chorus 1, 2, 3; Archery 3; Soccer 1, 2; Basketball 1, 2, 4; Senior Frolic 4.

Of course you know this tall blonde lass,
For with high marks she does pass,
Have you heard her parlez-vous?
And the Deutsch that she can do?
How she called the meet of Art,
And how she always did her part?
We'll always wish her well,
On the campus of Cornell.

GLADYS MARIAN CRASS

COMMERCIAL

Volley Ball 1; Annual Collector.

Ship Ahoy! "Crassie" is aboard the good ship "Senior." With careful, studious "Crassie" at the helm, she will bring her ship safely through the untried waters of the Commercial world and will make port as a private secretary in a very short time. During her five years with us, "Crassie" has been a loyal friend to our Alma Mater, and friends and teachers alike will miss Gladys' ever-happy smile. We hope Lady Luck will be kind to you, "Crassie."

1931 ANNUAL  1931 ANNUAL

M. MARGARET CRILLEY

MODERN LANGUAGE

Chorus 3, 4.

Margaret has been with us for two years, during which we have learned to know her as a girl of quality. Although her strong dislike is mathematics, her realm is books, and her goal, Cornell, after which she will be a patient and knowing librarian. Our most sincere wishes go with you, Margaret.

CATHERINE BOWNE CROUSE

CLASSICAL

Le Cercle Francais 1, 2, 3, 4; Ithetaeria 2, 3, 4; Tattler Board 3, 4; Associate Editor 4; Legislative Assembly 4; Senior Frolic 4.

Take a look at her, everybody—the living example of what Colgate's will do. She really has made quite a name for herself, both here and abroad. She is not only a charter member of the Three Year Club but also a great writer of uplifting editorials for the Tattler.

Look out, Vassar! Beware, West Point! Here she comes.

FLORENCE LIVERNOIS

CLASSICAL

"Floss" is the type that theatrical producers have long sought for—to "throw the shawl." Under Gypsy skies many a dashing buc(h)can(an)eer would draw his knife to secure such a queen. Even on American soil, she has slain quite a few with those "come hither" eyes, but she is always true to her friends and allies.

"Henry" just loves to study. We can see that by her appearance in the Library, third period. "Hank" has been with us only three and one-half years and during that time—oh, hey—what she hasn't accomplished—? She intends to be—have a guess! Really, "Etta—" we wish you the best of success!

MODERN LANGUAGE

Dramatic Club 2, 3; December Play 2, 3; Spring Plays 2, 3; Nightschool Commencement Play 3; Senior Frolic 3; General Council 3; Congress 3; Music Committee—Congress Ball 3.

Jim is another "three year boy" whom Ithaca High will miss. In Dramatic Club plays he has shown his ability as an actor. He is an accomplished pianist and is planning to go to the Curtiss Institute in Philadelphia. Good Luck, Jim. We wish you all the success in the world, and "take it easy!"

BERNICE S. SHARPSTEEN

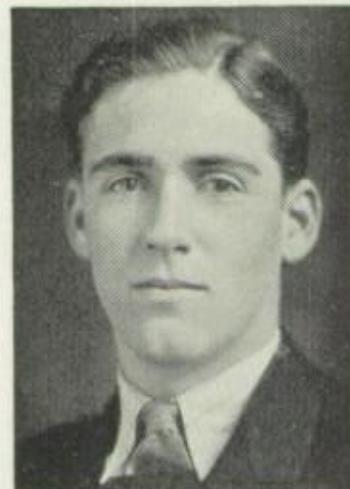

MODERN LANGUAGE

Bernice graduating? Oh yes! I almost forgot that she came here from Genoa two years ago. No, her last name isn't Columbus, but, no joking, Bernice has made a host of friends through her love of fun and good sportsmanship. Although Chemistry is her favorite (?) subject, she is still undecided about her future. May the best wishes of her classmates go with her in whatever she undertakes.

FRANCIS SHEPHERD
ENGINEERING

Soccer 1; Track 2, 3, 4; Cross Country 2, 3, 4.

Well! Francis is about to leave us, after having passed four short and tedious years in the old Alma Mater. He is now about to ascend the hill of greater knowledge in the field of Mechanical Engineering. Success or Failure (??) We are with you to the end, Francis.

CHARLES EGBERT SLAGHT
ENGINEERING

Chorus 2, 3, 4; Spring Concert 2, 3, 4; Usher 3, 4.

Do you remember when something tall, slender, and with a red-head came wandering into the High School? Of late "Chuck" has been seen alone (??) driving a Jordan car. As "Cicero" was a great mathematician in High School, he expects to enter the "Ag" course on the Hill. Well, so long, "Red." We all wish you luck in the future.

KENNETH SMALL

CLASSICAL

Track 3; Football 4; Cross Country 1.

Yes, sir! It's Ken, star of track and cross-country. He has sped his way nobly through I. H. S. just as he has many times sped down the track for a brilliant finish. So-long, "Ken", and may you succeed in the future as you have in the past in I. H. S. Good luck.

IVAN C. SMITH

COLLEGE ENTRANCE

Ivan is going to graduate! Some hidden inspiration must have driven him on to higher aspirations so that he could graduate with a fine record. Nevertheless, we know how hard he has worked to shake himself of study. We suppose Ivan is going to devote his life to premedical Arts, and wish him the best of luck in his future career.

MARIAN SMITH

COMMERCIAL

It won't be long now before this shy (?) little maiden will be leaving this noble high school. In spite of her studies, Marian has found time to mix a little pleasure in twenty-four hours a day so as to leave time for (?) Anyway, here's wishing her luck when she leaves us to be some lucky person's "stenog."

And say! ~~you~~ ^{you} ~~ought~~ to see him do French. It's a dead cinch for ~~Tom~~ ^{Tom}—but so is anything. Well, Tommy, we sure hope you succeed as well in the future as you have in the past. So-long and good luck.

FRED STAFFORD

ACADEMIC

Another fair haired member of the Five Year Club is leaving us. He has acquired the knowledge necessary to enter Cornell and, it is rumored, will take a course in accounting. Ted has been an alert student and we hope this trait will remain with him through the coming years. Goodbye Ted-dy, see you on the Hill next fall.

JEROME STANTON

ARTS

Congress, Annual Board, General Council.

This "Jerry" Stanton certainly takes the cake,
His hardest job when out school will be to keep awake.
Now we might rub, but he's no dub,
For art will win him fame;
Some guys get through this World, you know
That cannot write their name.
He may be short but he's a "wow."
All the girls fall for him,
So, Farmer, hide your cow.

CATHARINE D. STEVENS

MODERN LANGUAGE

What? Someone in the throng really admits total ignorance as to who "Cassie" is? If ever you hear, and without a doubt you will, the inquiry, "Where's Bob?" you may be sure that she is in your vicinity. All kidding aside, we wish Catharine success in driving the new (to her) car and with the forthcoming shop.

RUTH JEAN STOUT

COMMERCIAL

Chorus 2, 3; Spring Concert 3; League Basketball 3; Track 3.

Well! Well! "Giggles" is ready to graduate after three and a half years of (hard) work. She aspires to follow in the footsteps of a Metropolitan star and with the aid of her charming personality and natural talent, she can't help having a wide circle of friends and be a great success in any field of life. Good luck, Ruthie.

KATHRYN K. STUBBLEFIELD

MODERN LANGUAGE

Senior Frolic; League Basketball 1.

Behold, the most individual personality in the I. H. S! Did we say in high school? Every morning "Stubby" trudges up to Cascadilla and gives her chemistry class a "break" with her sophisticated air which doesn't mean a thing, for "Kay" is really as sweet and peppy as one could wish for. Although "Stubby" is going to Utica this September, we imagine that she would much rather go to Brazil.

A classmate whom we'll not forget
Is clever, dark-eyed Margaret.

As student or as dancing partner,
No other girl can e'er excell her.

When at Cornell she finds her place,
That "Phi Bet" key she'll wear with grace.

Her social charms will seem quite trickey,
But still she'll be the same old "Mickey."

One of the outstanding figures in our class has been this tall gentlemen from East Hill. Fred has actively engaged in school affairs since entering these halls four years ago. During his stay, he has won the admiration and esteem of students and teachers alike. So it is with confidence in his future that we wish "Fred" "bon voyage" as he continues his studies "Far above Cayuga's Waters."

EDWIN SUNDERVILLE

MODERN LANGUAGE

Four years ago the Ithaca High School admitted this youth. Immediately "Eddy" entered fields of music and now can be seen tooting a horn in the band. With modesty parallel to Lindy's he passed calmly through the four years of High School without visible difficulty. Having proved equal to the subjects he has pursued here, "Ed" will now embark for Cornell. All our best wishes follow him.

DORIS TERPENING

NORMAL ENTRANCE

Art Club.

Oh! you bet ya; after all these years (?) of hard labor Doris has decided to leave us. Whatever will Miss Warner do without her worthy assistant? However, it is going to be our loss, because how are we going to hear about the happenings of the night before? Best of luck to Doris, but take a friend's advice, "Beware of Willie."

Three short years ago this debonair youth migrating from the wilds of Pennsylvania, crashed the gates of our Alma Mater. Since then Alex has kept the patient teachers continually guessing. DOROTHA TICKNOR

MODERN LANGUAGE

When you hear a sarcastic "snicker, snicker" don't turn around, because you may be sure Dorotha is making fun of some little frosh. (She being one of those high and mighty seniors). However, we all know that behind that mask of seriousness there is untold mischief, and fun. And when Dorotha don(s) her coat of armor for her distant conquest on the hill we feel certain of her success.

WILLIAM TRACY

MODERN LANGUAGE

A short time ago the girls about town began to prick up their ears and take notice of a little boy in a big "Hup 8". "Where from?" they questioned. The best wishes of the Senior class are cordially extended to "Red" in her future conquests.

WINFIELD TYLER
MODERN LANGUAGE
Glee Club 4; Cross Country 2, 4; League Basketball 1, 2, 3.

Folks, this is "Tyler," whom you've been hearing so much about. He blew in from one of the suburbs of Danby four years ago. He expects to go on the Hill to study next fall. He has been so bright in High School, the teachers have had a hard time keeping track of him. Well, good luck, old boy.

JOHN UNGER
COLLEGE ENTRANCE

Although John hasn't been with us much for the past two years, he's no stranger around here and needs no introduction. John is quite an inventor. His latest and most successful is the "Grenadosia," which has quite a bit in common with "The Thunderbolt" although their appearances are not alike. He spends a lot of time in his research Lab. and expects to have perfected more inventions in the near future. Here's luck to you, "Snitz."

HELEN LOUISE VAN ETEN
COMMERCIAL

Helen
Chorus 1; Basketball 2, 3; Archery 3.

Well, well! if it isn't Helen. She is really leaving us after four short years of hard work. For some reason Helen has the habit of going to the Post-Office once a day. I wonder why all the attraction? She is undecided whether to go to college or become a stenographer. Whatever you do, Helen, the Senior Class wishes you the best of luck.

HELEN VAN ORDER

ENGLISH ACADEMIC

League Basketball 1, 2, 3; Science Club.

Helen of Troy was not so well known as this fair Helen, at least by the opposite sex of the Ithaca High School. Helen has decided to leave us after four or perhaps five years of hard work to take up dentistry at the Rochester Dental School. We'll miss you, Helen, but here's wishing you the best of luck.

"And still they gazed and still they wondered how one small head carried all he knew." Did you ever? "Bob's" going to graduate. We don't know what they are going to do up in physics lab, without "Bob" to crack jokes and do other odd jobs. In the brief time, "Van" has been with us he has won the hearts of all his classmates (excusing the many broken ones) and the class of '31 wishes him "beaucoup de bonheur".

Still she always manages not to be late.

Margie, now that your school days are o'er,
Still in our memory for evermore

Will dwell happy dreams of the old days gone by,
Of your comings and goings at our Ithaca High.

FRED WARREN

MODERN LANGUAGE

After four long years in these Halls of Learning, "Freddie" is about to go the way of all good high school students. During his sojourn here, this youth from Forest Home has daily brought that atmosphere of the great open spaces with him into his classes. Now that he is leaving us to learn scientific farming on the Hill, we feel that our loss will be Cornell's gain. Top o' the mornin', Freddie.

HAROLD WATSON

ENGINEERING COURSE

Behold this specimen of Danby! Six feet tall and walks with a swagger. He's quiet too—? However, like all big, silent men he has his weaknesses--the north end of the third floor seems to have an irresistible attraction for him. He thinks he's going to be an engineer. Well, here's hoping he engineers Chicago Teck safely next year.

MODERN LANGUAGE

I could write a volume about Eddy, but sixty words—impossible! Eddy can't be analyzed. He is all details. She can remember things way back before she was—well, way back. Whether a Prima Donna or a nurse, the class of '31 wishes her success.

ALICE JOSEPHINE WHEELER

NORMAL SCHOOL ENTRANCE

Varsity Basketball 4; Legislative Assembly 4; Choral Club 4.

Although "Wheeler," is new to I.H.S., this year, she has made many worthwhile friends, especially among those concerned in sports. Room 206

It is with the modesty becoming to such an illustrious group of seniors that the members of Room 206 proudly survey themselves. Though Miss Ashton has not told us so, we know she realizes that seldom, if ever, has she had a group so notable during the school year and so promising for future years. True enough, not all of us have been on the honor roll every month, but, even so, we may well be proud of our scholarship. We make a splendid showing both collectively and individually, and we are justifiably proud of the number of school offices held by members of this room. President of Senior Class, Co-Captain of Football team, Captain of Basketball team, Editor-in-Chief of the *Tattler*, and President of the Glee Club, are only a few of the honored positions held by boys from 206.

At the end of this year our paths separate—some are going to college, some are going into business, others have not made definite plans. Whatever the years to come may bring us, however, we shall carry with us not only a firm and lasting loyalty to our Alma Mater but also pleasant memories both of the kind guidance of Miss Ashton and of our friendships made in Room 206.

The Daily Lemon

EDITORIALS

The fact that 202 is largely populated with high-powered come-hithers is not to be disputed. One glance into our midst will prove the above statement to be true. At all hours such people as Myra Doane, Virginia Lester, Helen Browne and Mary Brable may be seen practicing an ear to ear grin. Needless to say, we find it agreeable.

Vivacious, the quality of being lively, is plainly portrayed in the person of Kitty Morris. We observe Betty Carpenter and Milly Mitchell as close seconds. 202 is not as quiet as it might be.

The DAILY LEMON wishes to express our pride at having the Vice-President in our midst. Bertha George is also an enthusiastic and faithful subscriber to the LEMON. Of course we are proud of our distinction.

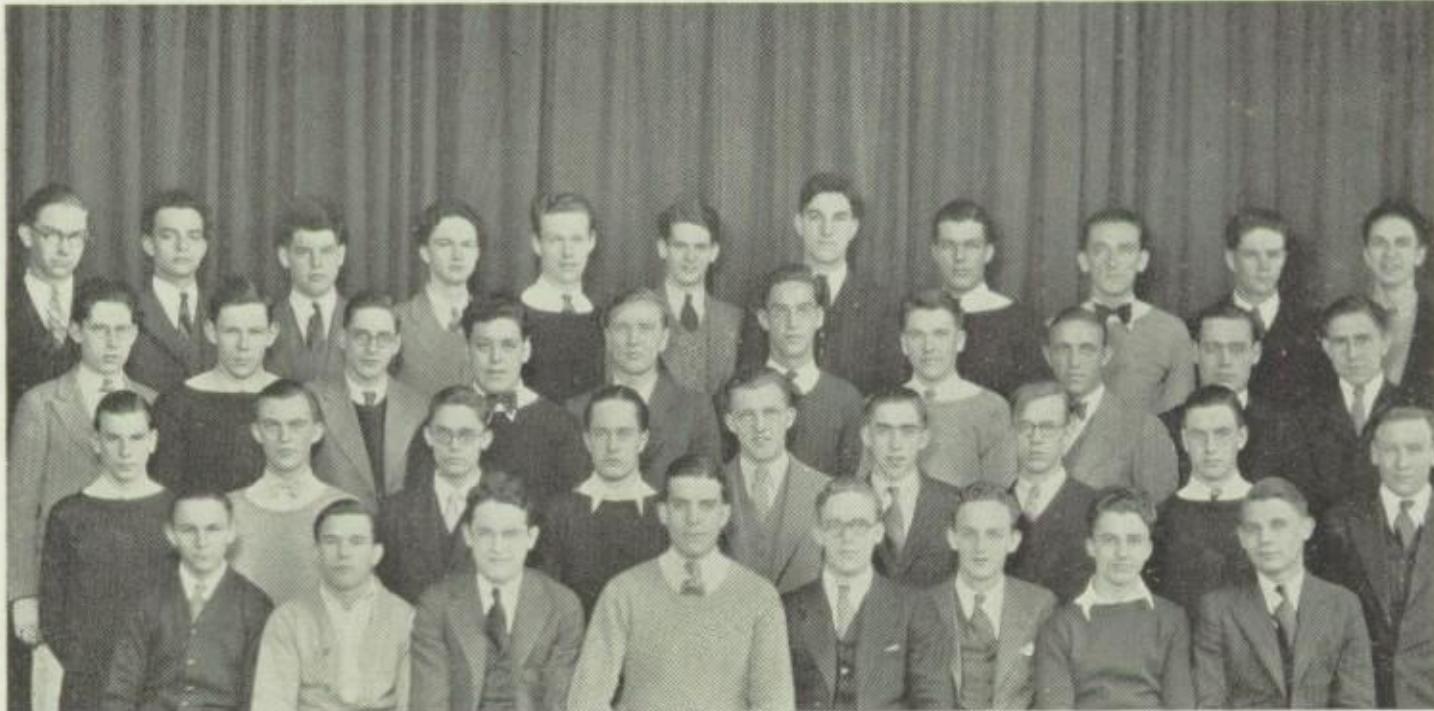

DANCER WINS FAME, BEV BELL MAKES GOOD ON FAMOUS BROADWAY

Now we'll pipe you a tune worth dancing to. Beverly Bell has "chorused" her way into a million hearts, and is about to become a star. We always knew she would.

NEW DRAMA WELL RECEIVED STAR IS GIVEN BIG OVATION

Laura Belle Maughan brought down the house at the opening performance of "What, When and Why", last night. The LEMON offers its congratulations.

202 wishes to thank Miss Ball for her friendship and interest, during the year.

Room 207

There may be better home rooms than 207, but they yet remain to be found.

As for scholars, this room has held its own with all other rooms and has, upon several occasions, led the entire school in attendance. Several of its members have been leaders among honor students.

Room 207 has also been honored by having some of the outstanding athletes of the school in its midst. Several captains help also to add to its glory.

207 boys have representatives in practically every club in the school and, besides being members of these various clubs, many of them have become talented leaders. At any school activity 207 boys can be found, whether it is a musical concert or a ball game.

We express our deepest appreciation to Miss Wager for her constant inspiration and guidance during this last year. We pledge our absolute loyalty and utmost support for all time to dear old Ithaca High.

Room 235

The girls of "235" always marveled at the quietness that constantly prevailed in their room, morning, noon, and night. They can never forget, even if they want to, those hilarious "roll calls" with everyone out of place and no one in place. Although success was our main object, we had all kinds of fun during the four years we traveled toward our goal.

The girls could be quiet if necessary, as you would have noticed if you had happened to walk into their room some day just after Miss Williamson had said, "Girls, a little more quiet." Not a sound could be heard after that.

It will be with pleasure that we shall look back in the future as having spent our last year in the Ithaca High School in Miss Williamson's home room. May all her future "home roomers" appreciate her kindness and helpfulness as we have.

Room 209-210

As one glances at this picture of Room 209-210, future glimpses of famous men are to be seen. Besides being members of athletic teams such as baseball, track, cross country, basketball and football, many of the boys belong to a large Honor Roll which is the pride of these rooms.

As a great many of this group have never been late for roll call, they will undoubtedly become successful in whatever business or profession they may undertake.

The credit for the success of this group goes to Miss Evans of 209 and Mrs. Russo of 210 for their splendid cooperation and leadership. Always in our minds will be the memories of 209 and 210 and the wonderful companionship of Miss Evans and Mrs. Russo.

We of room two-thirty-four on the northern end of the second floor—the brightest (?) class that's darkened this door — we think we're good but there may be more. Our part in the class of thirty-one—hardships mixed with lots of fun; tests we've passed, battles we've won—the years have gone on, but life's just begun. The honor roll doesn't boast of each name, but to this class we've helped to bring fame. Right to the end we'll all play the game—each doing her best to accomplish her aim. With deep reluctance we leave this school where we've been equipped with adequate tools to go through life and not act like fools—(Here I must pause while my fountain pen cools). Come, let us give praise to our worthy teachers, whom we have often regarded as preachers; for they have imparted the essential features to us who have ever been truth-seeking creatures. Now let us pause while we all shed a tear as we're swiftly completing our final year, for soon we must leave this school so dear, which, to our hearts will ever be near.

Room 233

Room 233 is just another four walls full of lively, modern American girls. We are not perfect, but we do have a fine representation in various clubs and organizations. We claim the president and secretary of Choral Club, the secretary of Der Deutscher Verein, and several General Council members.

We have been most fortunate during the past year in having such an ideal Home Room Teacher as Miss Conlon. She has been one of us, sympathizing and helping us with our problems and overlooking our various faults.

Some of us have remained in the background, boosting and supporting our school, while others have progressed up that steep mountain of fame. We have members who have obtained the highest scholastic standings in the school. There are some "crack" shots at basketball in our midst and also talented musicians. After all is said and done, there is no use denying that we have had a profitable and memorable year. We pause to wish the best of luck to the passing Seniors and only hope that our achievements shall equal theirs in every respect.

Room 232

Over six hundred years ago Dante created an inferno whose weird shrieks and unholy sights are still familiar in all scholastic circles today. This is definite proof of the cruelty and injustice of a cold world, for here within the meager boundaries of Ithaca High exists, entirely unknown, an inferno with shrieks equally weird and sights equally unholy, though perhaps not similar to those ancient ones—an inferno far superior to that product of Dante's imagination, for this is a specimen as tangible as every one of the horned cherubs that it contains.

Corresponding to the pitiable souls who rested neck high in horrible, black mud, never knowing when they would be completely submerged, are the imps who maintain a similar position in a swamp of math papers. The cakes of ice in which many a head was frozen are easily equalled by the icy pages of a Latin book. And numerous are the victims who barely escape their terminations as they choke over the words of wisdom stifled in their throats by the rapping for silence at 1:12.

However, we are far more fortunate than the tortured of the ancient inferno, because for us there is hope of escape, and, without doubt, when we are looking back across the years, the things which we will remember will be the impish antics of our contemporaries and the faint though friendly glimmer of the professional smile.

Room 211

The largest revolt against knowledge was crushed here to-day.

Fifty-five inmates of the I. H. S. prison law down on the job. Inmate No. 13, "Bill" Bradley, was badly injured by the keeper, Mrs. O'Leary. It was said that Bradley might not recover.

As the keeper entered the prison block, she was confronted with inmates Couch and Brown on their way to the gate. The guard reminded them that their term of Latin had not expired. They returned!

The keeper returned, to find out that inmate John Grover had *slipped* out. A searching party, led by the keeper, found John, running to the outside gate. He surrendered without a fight. This was a great load off the keeper's mind. Order was then restored without difficulty.

A great regard is held for Mrs. O'Leary now, and we are sure that there shall be no further outbreaks.

We all join in on the chorus in giving thanks to Mrs. O'Leary for the splendid attention and care given us during the past year.

Room 224

You may not have seen our names in the headlines or our faces above the footlights, but we are here, and during the past year we have participated in many activities. We have proof of what has been said because next year's basketball captain and manager are members of our home room. Almost every member represents some activity in school. We are looking forward with great anticipation to our senior year.

Although we juniors are many,
With our struggle nearly won,
We'll remember our Alma Mater
In the many years to come.

Room 212

Upon entering 212, one notices an atmosphere of History, both American and Ancient. This is because this subject is taught ably by our teacher, Miss Sheffer.

212 is well represented in various school activities. There are football and basketball stars, musicians, artists and many others who are outstanding in their achievements. Even the 90% honor roll occasionally has a representative.

In this room everyone is known to be proficient in the adjustment of his necktie. Each boy is well trained in the use of this non-essential article of boy's paraphernalia. If interested in this, drop in and inquire the reason why.

In closing we say that much of our success is due to the efforts of Miss Sheffer, our home room teacher. We wish to express our deepest appreciation to her constant guidance and kindness during the year.

Room 223

Our home room is like a church,
 With many a strong and stately pillar;
 But the strongest and best
 Compared with the rest
 Is our dear teacher, Miss Miller.

Ours is a room of full thirty-five,
 And needless to say we are up and alive.
 We have dancers and singers and athletes too,
 We even have brainy ones—yes, quite a few.

Many attained the honor rolls,
 And more the honorable mention;
 And since we're honest and friendly souls
 There wasn't a bit of dissension.

But all too soon, is that day of doom
 When we must leave our dear old home room.

Room 214

During the past year, room 214 has prospered under the guiding hand of Miss Brown. Although not the best scholars in the school (we aren't the worst either), we have each month some names displayed in the bold and colorful characters of our artist, Bob Willis. We always quiet down instantly (?) at 8:40 and 1:10, without waiting to be told, and as a result of this, you may count on the next forty presidents coming from this room.

Room 221

In September, 1930, a certain barnyard poultry conference was started in room 221. It is said "birds of a feather flock together," but we certainly had birds of every feather. From one place came several roosters, crowing about themselves and others. Peacocks, too, with their beautiful plumage and empty heads, strutted about. And then, there were several cocky little bantams, ready for a scrap at all times. The social butterflies and the swans brightened the room with their presence. Ducks and geese, forever playing follow the leader, and letting someone else go ahead, quacked about in their corner of the room. And, of course, there were many hard-working but quiet chickens, who dug for what they received.

The farmerette who had charge of this conference had a hard time keeping the birds quiet and peaceful. At one time, since there were no fences in the room, they began to fly and climb about over the seats. But this was soon stopped by the farmerette.

Three other members of the conference, who, although not feathered, were not least in importance, were Tom, Dick and Harry, the poor fishes.

This conference ended in June, 1931, and was greatly enjoyed by all of the members. They look forward to holding another in September.

Room 314

A new home room, 314, has enjoyed a successful year under the leadership of Miss Neish. This room held its daily meetings in Miss Neish's laboratory. She wished some new specimens for her classes and she got them.

The members of our home room liked to feed the poor goldfish. They grew rapidly on paper, bark, small pieces of twigs, candy, beans, leaves and onions. So many things were fed to them that a cover had to be put over their aquarium.

Sophomores and Juniors make up the membership. We have musicians, athletes and scholars. We should like to mention some of our outstanding members, but we all pull together and deserve the same amount of credit.

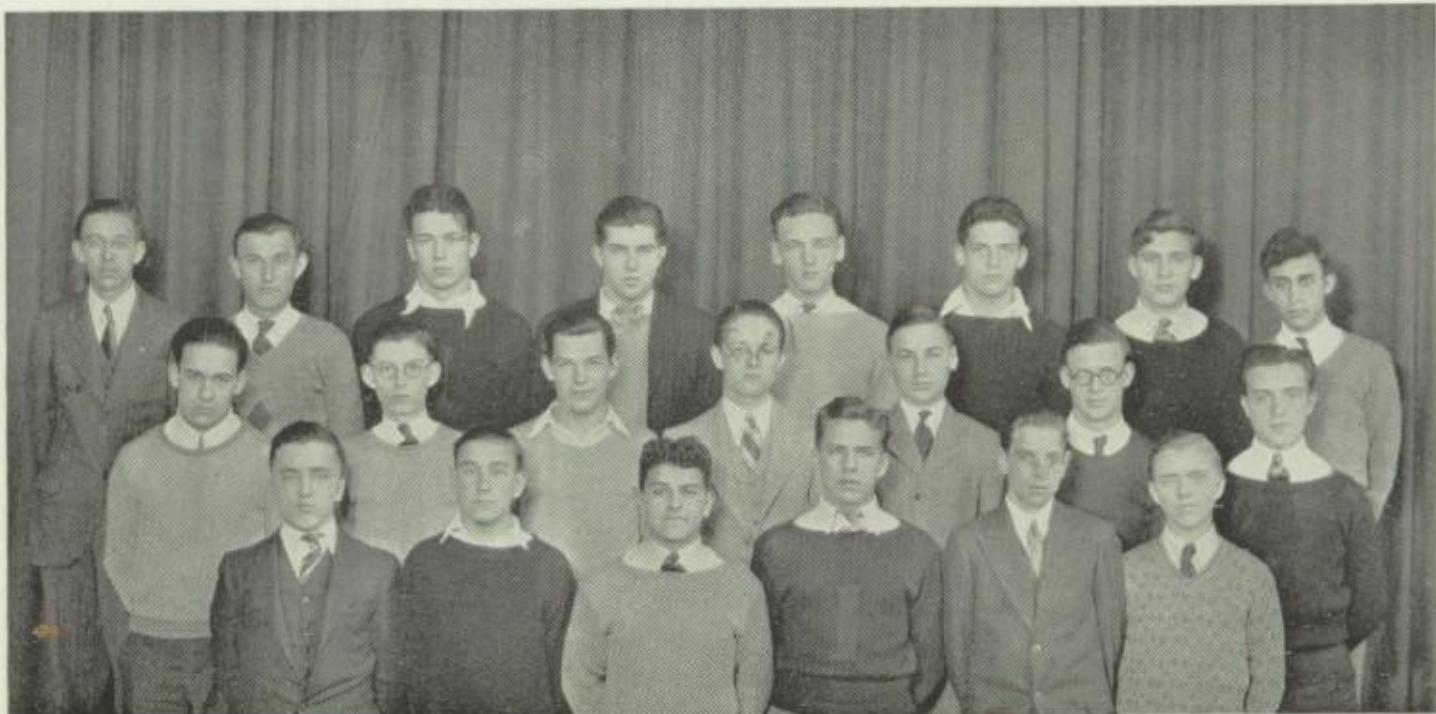

Back Row: McKeel, Haller, Ink, Kordas, Wilson, Hand, Harrington, Small, Ervay.

Room 346

Betty Hutchinson Hatch
 The atmosphere of 346 being one of French, we have chosen "Vouloir, c'est pouvoir," for our motto.

Regardless of the fact that we think ourselves very quiet (?) there seems to be one girl, older than the rest, who disagrees. She is kept busy repeating, "Quiet, girls," yet I am sure we would have a great difficulty in getting along without our guide, Miss McClarty. The three rows nearest the door are rather noisy, but the rest of the angelic (?) beings make up for it. Nevertheless, we have our share of members on the honor roll, and a still larger number striving to reach the 85% goal. We do our best toward contributing noise in the corridors, but are very seldom found chewing gum. One of our members supports I.H.S. by being a basketball star, and we are all proud of Selma and the way in which she has helped the team through many a difficulty.

Well, the best of luck, girls and may every year be as successful as this has been.

Room 310

As the school year comes to a close, a good many of us try to recall to our minds the events that have crowded themselves into our lives this past year, and I remember the contests and different programs in which the boys of 310 have participated.

To start with, we had a soccer league this fall, and the junior team, which was composed mostly of boys from 310, put up a valiant fight against their superiors, the seniors. In cross country 310 is not without a member. When football started, we had a good many boys who did their part in the making of the big Red and Gold team. Then came basketball. Among our representatives we have a goodly number of basketball players, some stars, some scrubs, but all doing their part. In the intermural basketball league 310 had its players.

It is regretful to say that when we come back from our summer vacation, this well organized class under Miss Clara S. Apgar will not be all together. I think that if the boys of 310 had their say about this matter, you would find them bunched together again next year.

Back Row: Oliver, Williams, Lee, Mitchell, Tilton, Tyler, Testut, Neigh.
 First Row: Anderson, Crissey, Backner, Fowler, Bush, Marion, Chacona, Lull.

Room 315

The Good Ship 315 has had a happy year sailing on tranquil waters under the capable guidance of Helmsman Miss McMahon. In future years we hope to fill a good many pages in the Log Book of Success. While the years roll by we will often think of Room 315 and what our brief, for most of us, stay here has meant to us.

We have an excellent view from our windows and good assembly seats, so our Cup of Happiness is full. We are represented in the Band, Science Club, Orchestra, Chorus, Tattler Board and other school activities, while we usually have quite a large and attractive Honor Roll for such a small room.

So here's to old 315, and may the life of each member be long and prosperous.

Room 320

We made our first appearance in these halls two long years ago as bashful freshmen. Who would ever think our bunch could ever be meek or bashful? We did not accomplish a great deal that came to the immediate notice of the school, but we were busily forming a strong foundation for the years to follow.

We have lost some of our number who could not make the scholastic grade with us, but we have in turn picked up some of those who have fallen behind. We are now putting to good the use the knowledge that we gained as freshmen by sitting back with ready ears. We have had a good honor roll and few of us are flighty when report card day nears. We also have our share of would-be athletes. Although we have only two letter-men, many of our number have made various squads and almost everyone has participated in the inter-mural programs. It may be mentioned that one of our men has the distinction of winning three letters in his sophomore year.

We have a great many boys whose enthusiasm and cooperation will help to make their class a record breaker. Watch their smoke!

Room 342

In the days of the Middle Ages chivalry appeared spontaneously throughout western Europe. When youth of a good family had been carefully trained to do certain things, he was then made a knight by a ceremony. His ideals were to respect all forms of weakness, defend the helpless, be faithful in all things, generous, and ready to protect his lady and defend her honor at all costs.

The pupils of Ithaca High School might be compared to these gallant heroes of old. There exists a loyalty, friendliness and comradeship among them which a knight knew to be one of his highest ideals. The girls of home room 342 play a small part in this society. At certain times it is necessary to put aside our happy spirits and become more serious. It is then that our loyalty is shown to our teacher, and other members of the faculty.

Always before us appears the image of one who has passed into the world beyond, but whose memory will linger with us forever. Dr. Frank D. Boynton represents the highest type of manhood and that, if nothing else, inspires us to continue our practice of the ideals of knighthood and perfect womanhood.

Room 321

This year, room 321 has been very successful. We have entered in many school activities and several of us are in the band and orchestra. We are also represented in the various clubs of the school. We have some promising members for the Glee Club, and we hope that it won't be long before they are enrolled. Sports occupy a large part of the interest of the members, and some of us are in training for the various forms of athletics. As a result of this, we are well trained in sportsmanship. When report cards come out we do not shine, but we always manage to have a few members on the honor roll. We hope to do much better in scholarship in the future. We are strong supporters of the Tattler, and we think it is a fine paper. The members of Room 321 owe much of their success to our teacher who has willingly helped us throughout the year.

Back Row: Terrell, Joyner, Maxwell, Yengo, Briggs, Frank, Knight, Beebe, Sunderville, Smith, Lovelace, Rahn.
Third Row: Darling, McDaniels, Parcelli, Gaydosh, Flannery, Novah, France, Domanski, Kimble, Prouty, Mazza.

Room 334

"Girls it is eight forty-two." If you have ever been in room 334, you probably have heard Miss Fasoldt speak to a group of noisy talkers at this time.

Maybe our home room likes to talk, but we shine in other ways. We are represented in the Art Club, Science Club, Choral Club, and Orchestra. We have at least ten on the Honorable Mention each month and an average of five on the ninety percent Honor Roll.

We certainly owe a great deal to our teacher, Miss Fasoldt, who has had a group of noisy girls since last fall.

Back Row: Sloughter, McCarthy, Wheaton, Santaniello, Stephens, L. Wheaton, W. McCann, Given, Eastman, Steve.
 Second Row: McCormick, Sladeck, Fatula, Zavasky, Landins, Casciotti, Coleman, Base, De Chillis.
 First Row: Drake, Millard, Downing, Fatconer, Cortwright, Hutchison, Barnard, Morey, Wright.

Room 323

We're freshman. Can you believe it? Every single boy in this room passed every month. The Honor Roll hasn't been lengthened very much by us, but we have added a few names each month. Some of our boys participate in extra-curricular activities. We are represented in athletics, the band, the orchestra and on the Tattler Board. We also have probable candidates for Thetaeria, the Glee Club, and Congress. Our boys are good sports, and under the leadership of Miss Doney, our conduct at dismissals is by far the best on the third floor. We thank Miss Doney for her kind assistance and helpful guidance during our first year in High School.

Room 333

The home room certainly resembles a series of Mother Goose rhymes this year. We have everyone from Little Bo Peep to Tommy Tucker.

One morning we heard a great commotion in the hall by the lockers. One of the girls had lost her glove. She was promptly named one of the "three little kittens who lost their mittens," and now a search is being made for the other two kittens. But that was not all. The same day, as the room was about to be dismissed, Little Miss Muffet was discovered perchance on top of a desk, chewing candy. Upon investigation, we found that she was sitting upon someone's lost hat. Therefore, we had Miss Muffet complete with her tuffet.

Almost any day one can see the three blind mice at dismissal, racing to be first down the stairs, as if in terrible fear of the proverbial "farmer's wife with her carving knife."

Here and there we find an example of the ten o'clock scholar, whose alarm clock went wrong, but, on the whole, we have a fairly good attendance record.

Probably it will be necessary to eat three pieces of pie before going to bed in order to realize the Mother Goose antics in 333.

Back Row: Vorhis, Washburn, Gee, Caveney, Joseph, Caveney, Green, Graveling, Aleardi.
 Second Row: Bush, Blatchley, Johnson, Torey, Curtis, Lovejoy, Bossard, Willerton.
 First Row: Bardo, Kulp, Goodwin, Perko, DeChilles, Mason, Nuttall.

Room 328

"In the bright lexion of youth there is not such word as fail." Most of the fellows in 328 have adopted this as their motto. When you look in upon 328, you will see many earnest faces and busy workers. This would surely prove that the boys are good workers and are well disciplined.

If you would see these boys twenty years hence, you would observe that they had accomplished something toward making the world go 'round easier. You would find them college professors, aviators, or in such professions as the world badly needs. The boys, then men, while working, will look back with pleasure at their old home room which they had tried to keep livable, although it had such disadvantages. Keeping the shades pulled down was a great task, for the sun dazzled the boys' eyes! There was no lack of air in 328 because the room was so well ventilated.

Even with all its drawbacks this term in 328 has been enjoyed by this group.

Room 301

Our home room has been honored this year, by having two of the highest average students in the school. They were Helga Einset and Virginia Sturges. This room has met in Mr. Gilkey's laboratory and enjoyed a very fine year. The novelty of meeting daily in this room will soon come to an end, but the friendships made in here will not be forgotten.

 First Row: Steele, Shulman, Carver, Nichols, Marshal, King, Slingerland, Schempp, Bailey.

Room 308

Our Home Room has thirty-nine pupils. Four of them are in the band, three on the football and baseball teams, but none of them got their letters. We have only one ninety per cent student for last term, Howard Simons, who is our star student. We are especially crowded with scouts most of whom are from Troop 6.

We owe much of our success to Miss H. L. Ripley because of her willingness and kindness in helping the pupils.

Room 101

In the fall of 1930 we arrived in 101, a bewildered group, uninformed as to the ways and customs of the Ithaca High School. We came from different schools, and were not acquainted with each other. That being the case, we felt that we received a cold reception.

Gradually we came to know one another and felt interested in the affairs of different individuals. When our amused home room teacher informed us that we were doing everything in an improper way, we decided to reform. Our idea was to become the finest, most intelligent and refined group in the school. We have been successful in achieving this. To maintain silence during home room period was at first a difficult task, but now the dropping of a pin can be heard plainly. Several pupils of Room 101 have been on the Honor Roll. Among the ten highest were Mary Kingsbury and Marion Howe. Many others have been listed for Honorable Mention.

We owe a great deal of our success to our excellent teacher, Mrs. Errington. We now represent all the desirable characteristics, which we should have had in September 1930.

Back Row: Moore, Boyle, Groom, Murray, Patten, Tilton, Papez, Oltz, Nobles, Mack.
 Third Row: Whitaker, Milne, Carlisle, Updike, Leggs, Denman, Kroboth, Vido, Welch.

 First Row: McInerney, Madden, VanOrder, Crissey, Mungle, Myers, Nardi, Goodard, Way.

Room 102

We, of Room 102, found our room to be one of those which was being used to try the experiment of mixed home rooms. Although the girls overpower the boys in number, we get along very well. We agree that we have had a very successful year under the leadership of our home room teacher, Miss Bigham.

Back Row: Squire, Rogalsky, Patterson, Urquhart, Gleason, Stillwell, Udall, Shippes.

 First Row: Seamon, Strok, Rightmyer, Crosby, Place, Witter, Fiskel.

Room 134

Passing halfway down the hall,
 Upon our room your glance may fall;
 In small black letters on the door
 You'll see the one, the three, and four.

Leave the noisy hall behind,
 Step inside, and there you'll find
 Our teacher, and the pupils, we,
 And on the blackboard you will see
 The Honor Roll which we did make,
 Who in our studies pains did take.

Some of us, we worked right well,
 While others 'neath our standard fell.
 But those who've striven for further gain
 Will find their work was not in vain;
 And those whose efforts were less true
 Will find they now have much to do
 To bring themselves up to the level of the rest.

And now when all is said and done
 We've had our scoldings and our fun;
 We're just like any other class,
 Will come and go, fail or pass.
 But we have something, none else have more,
 And that is the spirit of one thirty-four.

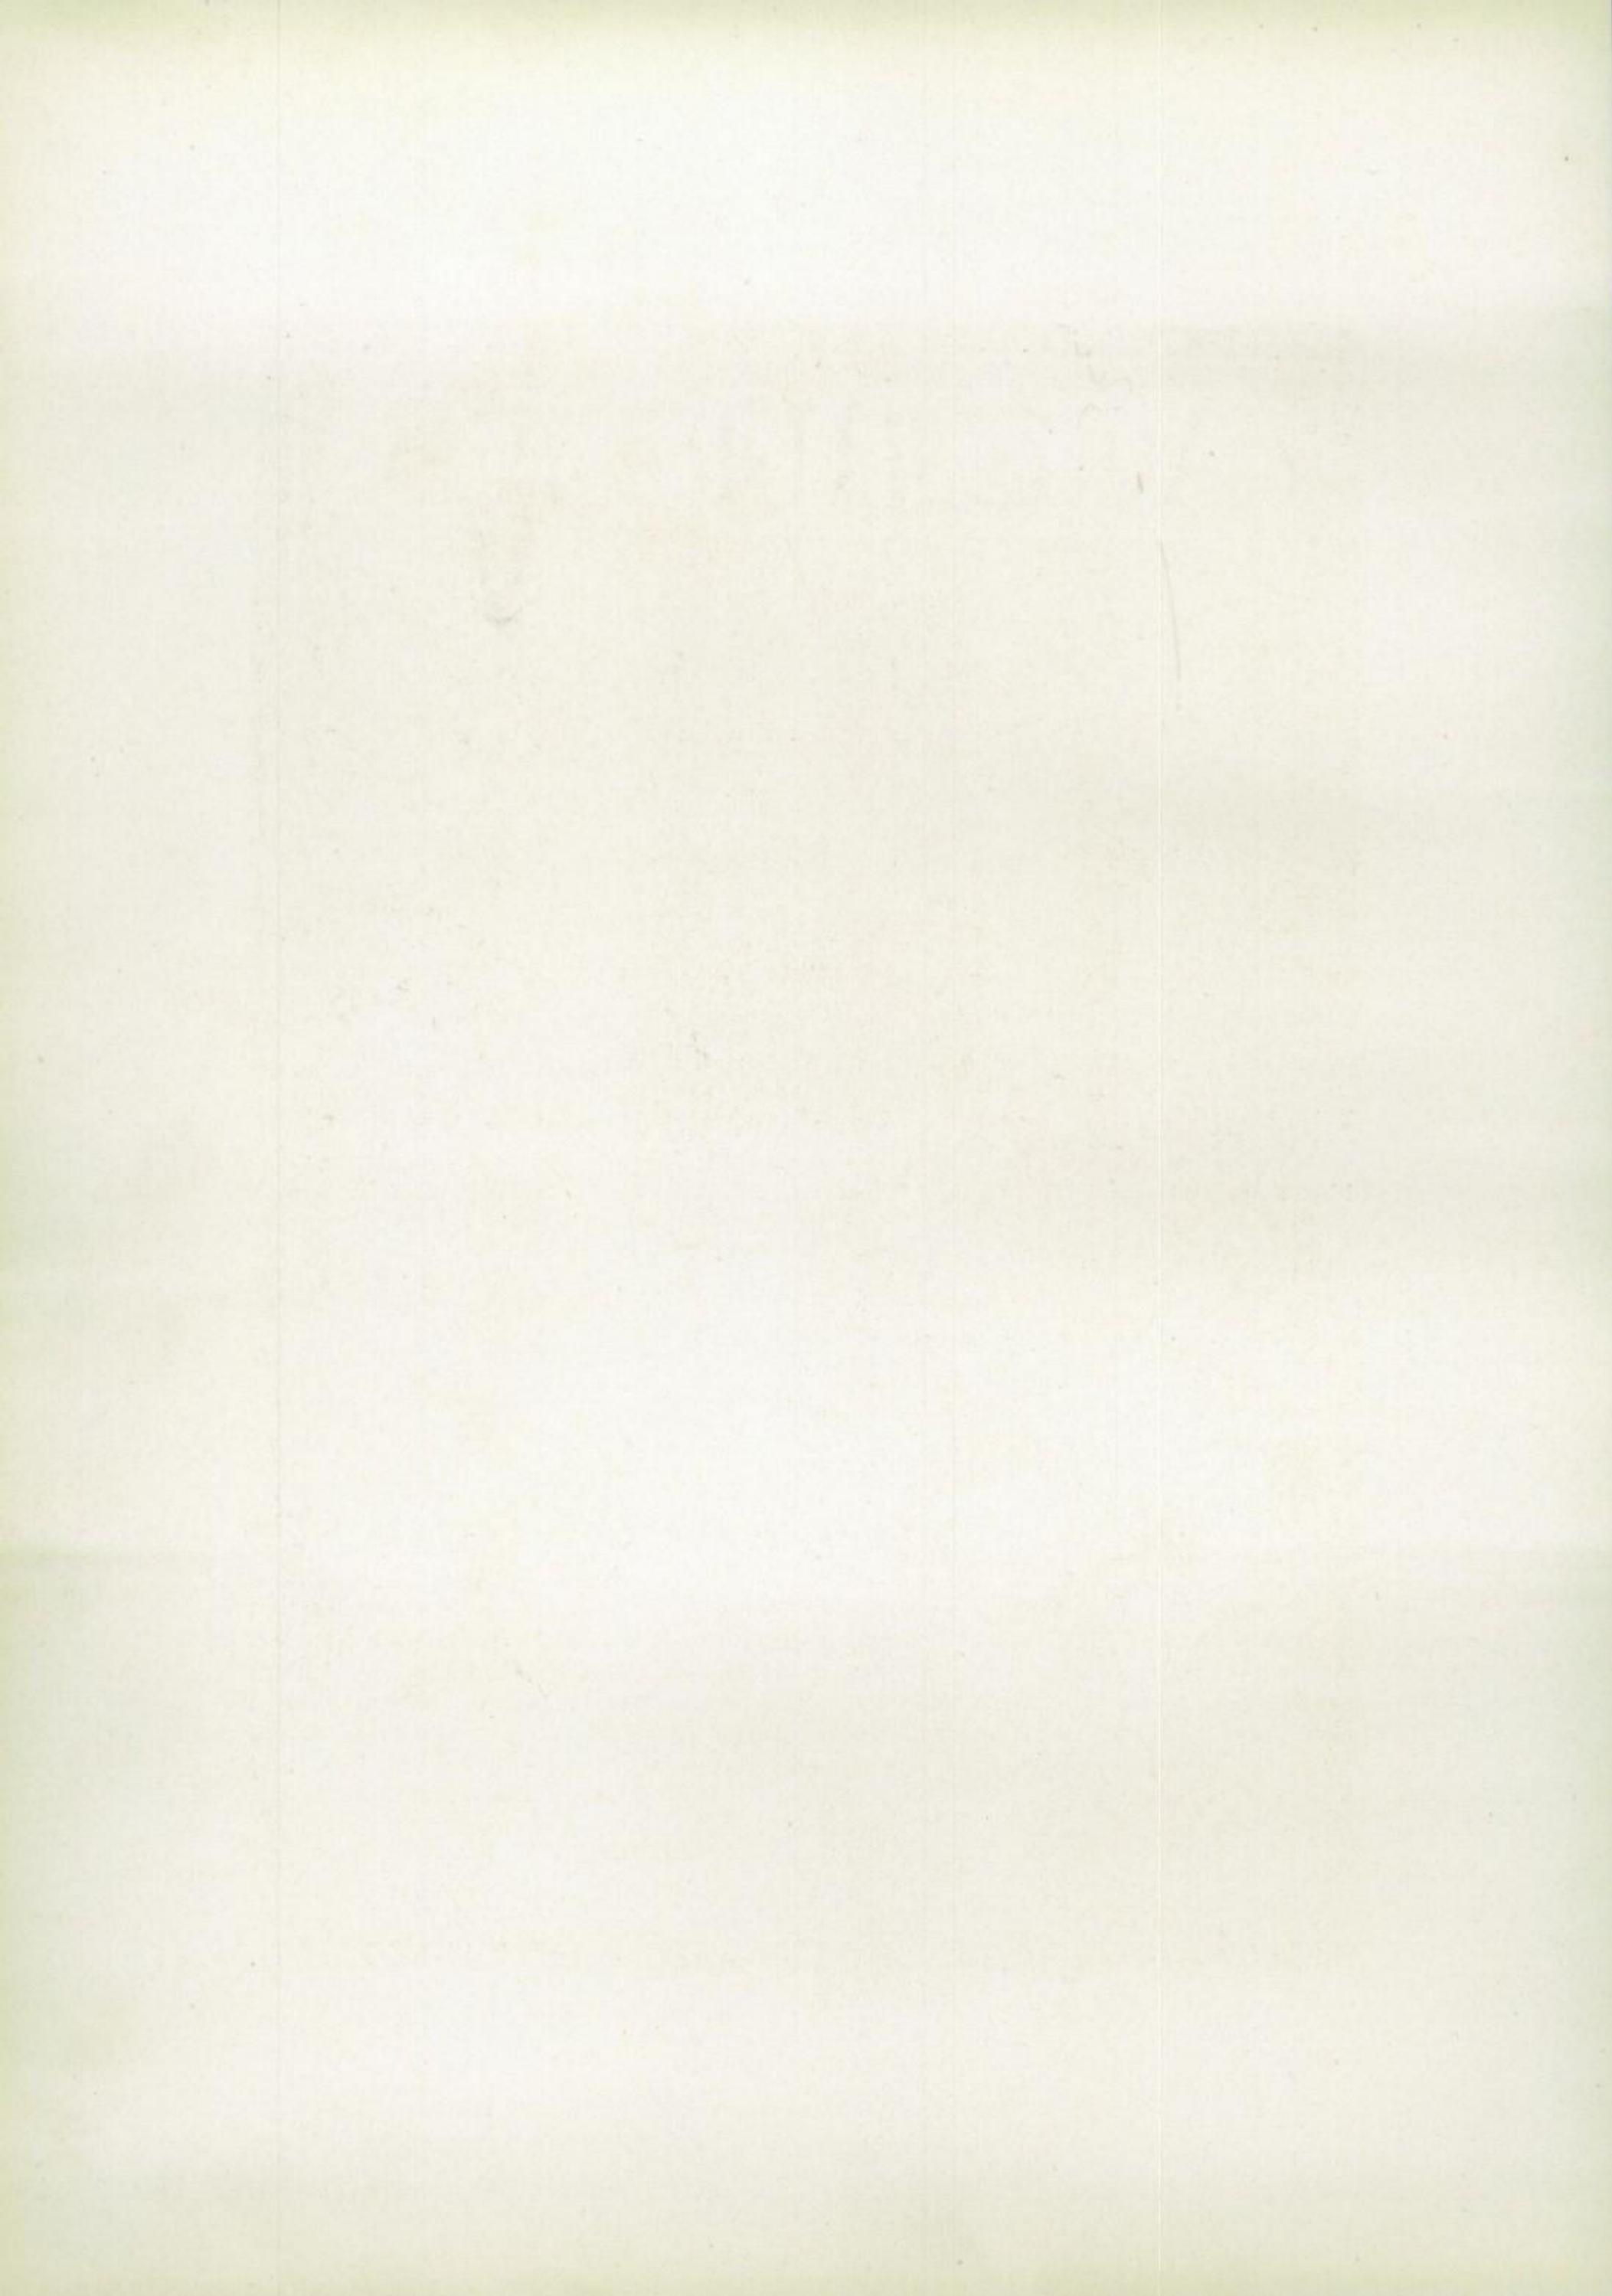

Back Row: Brown, Carroll, Spencer, Johnson, Cummings, Rollins, Colleyacme, Chamberlain, Lynch, Blostein, Austin, Carach.
 Third Row: Furey, Chapman, Corgel, Smith, Diemond, Lee, Tisdel, Gould, McCargo, Wolcott, Watson.
 Second Row: Clark, Brook, Bangs, Abbott, Miss Clafin, Curtis, Whitaker, Coulson, Dorn.
 First Row: DeLaurentiis, Culligan, Fendrick, Spires, Whitaker, Friocco, Switzer, Atwell, Bush, Lee.

Room 1

A census of Room 1 shows, not only unusual talent lurking among its fifty-five inmates but real ambition to become experts in some line of work.

Among the girls is a building architect who in years to come will probably sign her name to great achievements. There is a girl who already manages a beauty parlor. And there are those who are going to train for nursing, teaching, and business. Among the boys, we have two representatives in the Senior band (the bassoon and French horn players) and several aspirants to the Junior band and Junior orchestra. There are a few girls that belong to basketball teams and others who go out for hiking or other sports. I think that in future years the pupils of Room 1 will be of great value to the city.

For 38 years the Ithaca High School Congress has been one of the foremost societies of the school. Founded by Doctor Boynton in 1893 on the general principle of the national organization, it has been a main factor in producing students versed in parliamentary law and public speaking.

As usual, the crowning feature of the year was the ball, which was pronounced a success by all who attended. The music was exceptionally good and the decorations very attractive. Congress deserves great praise for the successful manner in which the ball was staged, especially since it involved extraordinary expense and labor.

In conclusion we say that this year's Congress, all considered, has certainly been a success. There are great hopes for next year's organization. It ought to excel the present Congress, working on the principle that each one should be better than the last. We extend our heartiest wish for good luck and success to those who are leaving this year.

Legislative Assembly

The interests of Legislative the past year, were centered about earning enough money to send the members to Washington. Due to the generous support from the school, the money making enterprises were all most successful, and the required amount was earned. The trip has now become history for Legislative and a series of most pleasant recollections for the girls who were able to go.

Glee Club

The 1930-31 Glee Club has enjoyed a very successful season. Under the capable direction of Miss Laura Bryant, the group has presented six concerts, and has given an entire program of new music. George Barns, talented musician, is leader of the club. James VanNatta, La Verne Kimple, Will Sawdon, and George Barns attended the National Chorus at Detroit this spring.

Choral Club

Nineteen thirty-one has been a most successful year for the Choral Club. With the addition of several new members, the club membership totals twenty-nine. The club took part in the Thanksgiving and Christmas concerts, and more recently a concert at the West Hill School on Thursdal evening, April twenty-third. In conjunction with the Glee Club they sang "Emitte Spiritum Tuum," by Frank Joseph Schuetky, and the "Kye Song of Saint Brise" by Joseph W. Clokey. This is the first time the Choral Club and Glee Club have sung together. These two unaccompanied numbers were sung by the National Chorus, of which five of the two clubs are members. The Choral Club sang alone the "Song of the Shepherd Lehl" by Rimsky-Korsakov and "River, River," a Chilean Folk Song.

At the Spring Concert on May eight, the same program was given with the addition of the "Poppy Song" from "The Wizard of Oz," arranged by George Daland, and given in costume. The girls also took part in the Chorus Concert on May seventeenth.

A vase, kept filled with flowers, was given to the school by the club of '31 as a memorial to Lois Rice, an alumnus of the Choral Club who died in the summer of 1930.

A doughnut sale and a girls' dance were two money raising activities. The active members during the past school year were:

Le Cercle Francais, with a total membership of thirty-six students, has nearly completed another year. During the fall term, due to the absence of Miss Miller, the meetings were under the capable charge of Miss Welch. Some of the club's activities included a picnic in the fall, and sandwich and candy sales during the year. It has been planned to give a playlet before the members of the club, and when this takes place, it should prove to be one of the most interesting features. Two or three times during the term, we were very fortunate in having Miss Conlon speak to us, and show us pictures on French topics. Just recently she told us about La Fontaine and his fables.

Ithetaeria has enjoyed a very successful year under the able direction of Miss Apgar and President Frances Lauman.

To commemorate the anniversary of the birth of the poet, Virgil, the club sponsored an assembly in October. Mr. A. C. Hamilton of Elmira College, gave us a very interesting account of his trip to the countries with which Virgil was familiar. The club also put on a candy sale which was most successful. A joint sandwich sale with Science Club materially increased the treasury. We feel that this year has been an immense success—socially, as well as educationally.

The Science Club is one of the oldest and largest organizations in the Ithaca High School. Membership is open to all students who have passed Biology and are interested in some branch of science. This year the members have enjoyed many interesting talks from members of the faculty and student body. We wish to thank Miss Reidy for her kind interest and cooperation throughout the year.

During the year 1928-29 there was no active German social gathering of any type. This was indeed a shame if for no other reason than the traditions which had been set by the old Deutscher Verein. Many students had expressed their regret at this deficiency, but no one seemed willing to take the responsibility of guiding a club.

During the spring term of 1930 Mrs. Russo began vigorous agitation for a revival of the German Club. After a few discussions and meetings of students it was decided that a new club should be founded, with a new constitution, and that its name should be "Der Deutsche Verein."

It is now a very active organization which has interesting and educational programs and many active members.

Dramatic Club

Under the best of directors, Miss Murray, and with the aid of President Edward Moore, the Dramatic Club has experienced a most successful and enjoyable year.

In November, the Club sponsored a Costume Ball; the first ever attempted, and it was "one swell affair." Next came the December play, "The Eldest." During the second term, the play "Fourteen" was presented at the Night School Commencement, and the Spring play was "Clarence." "Clarence" is the first four-act play ever attempted by the Club and the players gave a very creditable performance. It was funny, and every person who saw the play, praised it. The Senior play, "Station YYYY," like "Clarence," is another one of Booth Tarkington's plays that was presented during the year.

Through the efforts of the president, the club held regular meetings, a thing never before accomplished. The ability shown by the new members brought into the Club this year promises a successful season ahead.

A year of creation as well as development this has been for the orchestra. Our conductor, Miss Marsh, has written a snappy march for the High School in memory of Dr. Boynton. The march was first presented at the Thanksgiving Concert. Other successful performances were, an assembly program, Spring concert, and Demonstration Concert. To our variety of instruments have been added this year, a bassoon, two flutes, and a French horn; and our number has increased to sixty-five.

Senior Band

President Miles Lumbard
 Librarians Francis Mayberry, James Moyer

As this goes to press the Senior High Band is in the midst of great activity for in two weeks it presents its annual concert in Foster Hall. So far the year has been a successful one. The band boasts forty-five members, each of whom has been working hard on the rather difficult music attempted by the organization this year. Mr. Dayton Latham has made a most enthusiastic director, and everyone is happy that he will be with the band again next year.

Led by a snappy drum major, and looking very striking in their gay uniforms, the band-men marched to the football field for every game of the season, and also made one out-of-town trip with the team. During the community chest drive their daily parade made the people on State Street, "sit up and take notice" and we hope aided materially in the worthy cause of the chest. The activities of the year will end with the concert in May and a radio broadcast a little later in the Spring.

ABBOTT

The 1930 Red and Gold eleven, under the expert coaching of "Eddie" Pierce, enjoyed another one of its successful seasons. This team was by far one of the best teams ever to represent the local school.

Coach Pierce and his men went through the hardest schedules ever played by this institution. Nine regularly scheduled games were played of which Ithaca was victorious in eight. The games and respective scores are as follows:

Ithaca	39	George Junior	0
Ithaca	75	Haverling	0
Ithaca	13	Auburn	6
Ithaca	42	Syracuse North	0
Ithaca	20	Elmira Heights	0
Ithaca	7	Union-Endicott	13

Baseball

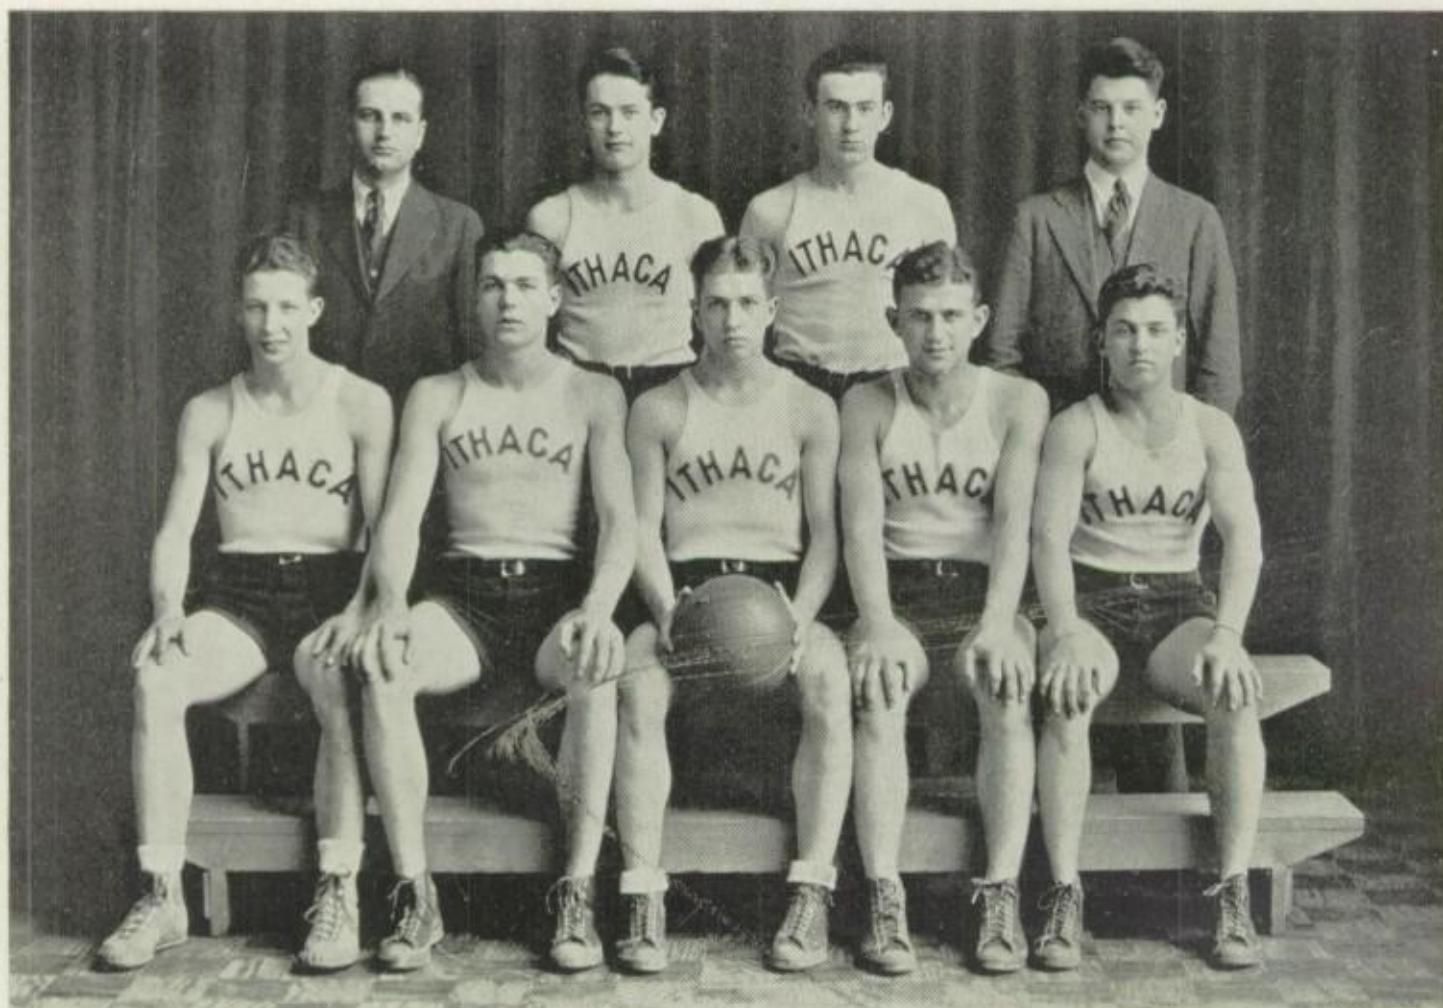

The prospects for a representative Ithaca High baseball team were exceedingly good this year. Due to a crop of most promising rookies the loss of many stars from last year's team was not noticeable. When one considers that among the missing were those well known athletes, Brooks, Herrick, Malone, McGraw, McDougal, Grant, Hutchinson and Speno it is obvious that many new faces appeared in our lineup this year.

Coach Pierce had available; as pitchers, none other than Captain "Pat" Hartnett, Ted Abbott, Lefty Stuart, and Jim Redding; Ike Murray, a capable catcher is ably supported by Tommy McInerney. As infielders there were C. Yengo, P. Trainor, Bibber McNamara, Ollie Wilcox, and "Cannonball" Eddie Backner, with Rossica, Casciotti, and Kenny Jones in reserve. The outfield appears to be the strongest department of the team with such heavy clouting and ground covering players as; C. Solomon, F. Howe, Don Potter, L. Deeb, and Pete Clarey patrolling their beats.

Undoubtedly the opposing teams, if able to scratch a hit off of our corps of hurlers will find it difficult to trickle one through our impregnable infield defense, or drop one in our well protected garden.

Following is the schedule for this season:

April 24	Newfield at Ithaca	May 15	Auburn at Auburn
May 2	Owego at Ithaca	May 16	Elmira at Ithaca
May 8	Auburn at Ithaca	May 23	Ithaca at Owego
May 9	Ithaca at Cortland	May 30	Cortland at Ithaca
June 6 Ithaca at Elmira			

Back Row: Coach Pierce, McNamara, Flynn, Mgr. Krotts.
 Front Row: Saulsman, Malone, Captain Huff, Solomon, Trainor.

Basketball

The Red and Gold basketball team enjoyed one of its best seasons this year under the capable coaching of Mr. Edward Pierce. The team finished in second place in the Southern Tier League, which is the first time in many years that Ithaca has finished to near the top. Captain Huff, graduating this year will be greatly missed next season. Paul Trainor was elected captain for next year. The following men received their insignias: Captain Huff, Captain-elect Trainor, P. McNamara, L. Flynn, C. Solomon and J. Saulsman.

Splendid teamwork was the highest success of the 1931 basketball sextet. Even the alumni teams had to congratulate the girls for their good passing and hard work. Miss Schleich's followers best showed their ability in winning the Alumni, Union Endicott and Elmira games. We are proud to be able to state that each visiting team remarked on the good sportsmanship of our 1931 girls' basketball team.

The girls who earned their letters are:

Ruth Cass (Captain)	Alice Wheeler

Track

About fifty men reported to Coach Tatascore this Spring when the call for Track was issued. Among those who reported were some of last year's stars including Captain P. Malone, Gumbs, Baldwin, Stutz, Krotts, Rawa, Makarainen, Gainey, and Knight. Minus the services of such stellar performers of last year's team as Bob Kane, Galbraith, and Brooks it become a problem for the coach to develop another constellation to take their places. Among the recruits are many who in the opinion of experts are due to develop into consistent point winners for Ithaca and it is of this material that stars are made.

Ithaca was represented at the Enjoie Health meet at Endicott; the invitation meet at Cortland Normal, and the Alfred inter-scholastics. Dual meets are being arranged with Corning and Union-Endicott or Binghamton. Climaxing the season will be the State semi-finals at Elmira and the finals at Ithaca (Cornell University).

As indicated above the captain of this year's team is Paul Malone and the manager is Howard Daw. This year's team has done well and will go down in history as another success for Ithaca High athletics.

Back Row: Banfield, Gainey, Reddick, Moyer, Rorapaugh, Turk, Mgr. Mann.
 Front Row: Mackerainen, Shephard, Rawa, Scofield, Tyler, Milne.

Cross Country

Ithaca High enjoyed a fairly successful season in Cross Country this year. In the first meet of the season, running against Romulus, Ithaca chalked up a perfect score when five runners led by R. Scofield crossed the finish line before a Romulus runner finished. In the next two meets, both with Geneva, we lost by small margins. Geneva was represented by three exceptional men this year so that in each meet they had a decided scoring advantage. Ithaca won their sectional meet. Scofield, Tyler and Milne represented Ithaca in the finals at Syracuse and all turned in meritorious performances. In a dual meet with Trumansburg, Ithaca won 25 to 26.

The cross country team this year was an evenly balanced team without any outstanding stars. Rather, each man contributed to the sum total of points to the best of his ability and good material was developed for another year. Coach Tatasciore feels very optimistic about the possibilities for next season. Scofield was elected captain for next year and Banfield as manager.

The following men won their letters; Captain G. Hughes, Manager M. Mann, Scofield, Rawa, Tyler, Makarainen, Milne, and Reddick.

Left to Right: Mac Pherson, Guthrie, Mgr. McElwee, Howe, Bossack, Van Natta, Captain Morrison, Baldwin, Reddick, Carver, Moore, Knight, Hopper, Alexander, Lee, Crosby, Brown.

Hockey

Although Manager Andrew McElwee had scheduled six games for the Ithaca hockey sextet, only three of these were played. The remaining games were called off because of weather conditions. Clinton High visited Ithaca and went away with a 6 to 1 victory. Skaneateles came to Ithaca and, as they were not doing too well, Captain Bill Morrison decided to go down in history as a disciple of Roy Reigels and, diving into the snow, (Bill says it was five inches deep) he came up for air in front of the goal and shot the puck in for a score for Skaneateles. This enabled Skaneateles (or would you say Bill?) to win by a score of 1 to 0. In the final game of the year Ithaca played the Cornell Frosh in a tie game ending in the score 1 to 1. Bill says it wouldn't have been that way if he had played. Members of the squad were: Bill Morrison, Captain; Andrew McElwee, manager; Howe; Guthrie; Van Natta; Bossack; Moore; Carver; and Reddick. The sad part of this brief summary of the history of the Ithaca high hockey team for 1931 is to learn that most of the team will be lost to us by graduation, or at least they should be, even captain Bill.

“This government, . . . completely free in its principles, in the distribution of its powers, uniting security with energy, and containing within itself a provision for its own amendment, has a just claim to your confidence and your support. Respect for its authority, compliance with its laws, acquiescence in its measures, are duties enjoyed by the fundamental maxims of true liberty. The basis of our political systems is the right of the people to make and to alter their Constitution of Government. But the Constitution which at any time exists, till changed by an explicit and authentic act of the whole people, is sacred, obligatory upon all. The very idea of the power and the right of the People to establish Government, presupposes the duty of every individual to obey the established Government.”

City Office—134 East Seneca Street

PRESCRIPTIONS

When you bring your doctor's prescription to our drug store to be filled you can depend on it being handled by graduate chemists and, furthermore, that the ingredients are fresh and pure. After it is filled, it is carefully rechecked to guard against error. We are just as careful about everything else we deal in. You will like our service.
